R703

Born to sweep

R703

R703 is the small ride-on sweeper with manual dump for industrial and professional use. It is **strong** with its steel chassis and panels, it is **effective** with its powerful engine and filters, it is **reliable** with its simple construction, it is **manoeuvrable** with its compact dimensions. **Easy to use and maintain**, it is ideal for sweeping heavy duty application in confined areas.

Optional

Dust conveyor

Vacuum cleaner

LPG conversion

Hourly cleaning performance

R703

DUST BUSTER vacuum system

The DUST BUSTER vacuum on the side brushes is unique to RCM sweepers and eliminates dust caused by the side brushes, increasing cleaning performance and operator comfort and safety.

		H	E
Hourly cleaning performance	mq/h	9100	7800
Cleaning width	mm	1300	1300
Hopper capacity	lt	115	115
Filter area	mq	6	6
Overall power	hp/kW	9/6,6	2 kW
Feed		petrol	battery
Battery (5h)	V-Ah	-	36-240
Vacuum on side brushes		standard	standard

Large filter capacity

The six cartridge filters allow to work in dusty environment for longer between stops, therefore saving time.

Hopper

The R703's hopper capacity is among largest in its class.

Strong chassis

Reinforced steel chassis and pivoting side brushes give good protection from incidental impacts.

Easy maintenance

Large tilting bonnet gives easy access to the components and for maintenance.

Adjusting seat

Warning lights (standard)

Vacuum on the hopper

protect operator from harmful fine dust (E version)

Ergonomically designed controls

at hand reach

Excellent all around visibility

The driver seated at the front of the machine has excellent visibility ensuring safety and ease of operation. The front wheel steer gives excellent manoeuvrability and the operator can see both sides brushes whilst driving. In congested areas this is essential for safety especially when negotiated blind corners.
